Cornerstone Core Property Fund

Quarterly Investor Report — Fourth Quarter 2025

Cornerstone Realty Advisors, LLC • Open-End Diversified Core Fund • Inception 2010

Portfolio Manager Commentary

The Fund generated a total net return of approximately -0.3% for the quarter, as $0.53 million of income was offset by roughly $0.56 million of valuation depreciation. The Fund's net asset value was approximately $54.4 million at quarter-end, the largest position in the Program.

Investments Impacting Performance

Three assets shaped the quarter. **One Financial Plaza (Chicago office)** was written down on lower submarket comparables and a near-term lease expiry. **Bayfront Apartments (San Diego)** was held roughly flat as concessions offset rent growth. **Prairie Logistics (Kansas City)** contributed positively, partially offsetting the office drag. Leverage was conservative at ~28% LTV.

Outlook

The Manager believes core valuations are stabilizing and expects income to remain the primary driver of return near term.
