Redwood Logistics Trust

Quarterly Investor Report — Fourth Quarter 2025

Redwood Property Advisors • Open-End Core Industrial/Logistics Fund • Inception 2020

Portfolio Manager Commentary

The Fund generated a total net return of approximately +2.7% for the quarter, its strongest of the year, driven by roughly $1.08 million of appreciation across the logistics portfolio together with $0.35 million of net operating income. The Fund's net asset value was approximately $51.9 million at quarter-end.

Investments Impacting Performance

Three assets drove the quarter. **Gateway Logistics Center (Dallas)** was marked up following the completion of lease-up to 97% occupancy at rents ahead of underwriting. **Harbor 40 Distribution (Savannah)** appreciated modestly on a new 10-year lease to an investment-grade tenant. **Cedar Ridge Infill (Inland Empire)** was held flat pending a planned expansion. Leverage remained conservative at approximately 31% loan-to-value.

Outlook

The Manager remains constructive on infill logistics and expects income to be the primary return driver into 2026.
